[PDF version](#)

Ebeco Foil 48 V is a thin underfloor heating foil for the caravan. The foil is durable, reliable and only 3 mm thick which minimises height build-up considerably. Ebeco Foil is available by the meter together with various widths, which tailors perfectly to the required area. The foils contains no PVC.

The foil is connected by cables and terminals using a special crimping tool. Ebeco Foil is a 48 V foil and controlled via a transformer.

Thickness	Approx. 0.3mm
-----------	---------------

Lowest Installation Temp.	+5°C
Voltage	48V
Total Width/Width When Heated	43/40cm, 53/50cm, 69/66cm
Power Output	80W/m ²
Connection Cable	5m
Approval	CE

Art. No	Article	Power Output	Width	Unit
8960601	Ebeco Foil 48V	80W/m ²	53cm	By the meter
8960603	Ebeco Foil 48V	80W/m ²	43cm	By the meter
8960605	Ebeco Foil 48V	80W/m ²	69cm	By the meter

Transformer

Transformer is for connection to Ebeco Foil 48 V. Supplied with cable stand.

Art. No	Article
5207021	Transformer 250 VA, cable stand, 230 V/42-48 V
5207024	Transformer 350 VA, cable stand, 230 V/42-48 V

5207026	Transformer 500 VA, cable stand, 230 V/42-48 V
5207029	Transformer 720 VA, cable stand, 230 V/42-48 V

Accessory kit Ebeco Foil 48 V

Complete accessory kit for fitting Ebeco Foil 48 V. Enough for approx. 15 pcs foil.

Art. No	Article
6600120	Accessory kit for Ebeco Foil 48 V

Crimping tool

Used when fitting Ebeco Foil to connect cables with terminals.

Art. No	Article
8960690	Crimping tool Ebeco Foil
